

Data Sharing Statement

| | | |
|---------------------|--|---|
| Article Info | n/a (editor will fill in this) | |
| Item | Question | Authors' Response (place "-" if not applicable) |
| 1 | Would you like to share data collected for your study to others? | Yes |
| 2 | If not, would you like to share the reason for your decision? | - |
| 3 | What data in particular will be shared? | In particular, we will share the correlation between PICC tip shift and weight gain. We also found that the correlation between the AGA and SGA groups is different, which has seldom been provided in previous studies |
| 4 | Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | Approval Letter will also be shared if requested. |
| 5 | When will data availability begin? | From the publication date. |
| 6 | When will data availability end? | Two years within the publication date, since the technique or survival date may be updated over time. |
| 7 | To whom will you share the data? | Researchers interested in VLBW and PICC catheter displacement. |
| 8 | For what type of analysis or purpose? | The purpose of this paper is to explore the correlation between weight gain in premature infants and PICC tip shift. |
| 9 | How or where can the data/documents be obtained? | Emails could be sent to the address below to obtain the shared data: 673620466@qq.com |
| 10 | Any other restrictions? | We may balance the potential benefits and risks for each request and then provide the data that could be shared. |
